Hohmann

Customs and Trade

Comment: A highly recommended firm in customs and trade, with a small team focusing exclusively on this area. Current embargo issues have attracted new clients. One client described Hohmann as “a small specialist firm on which we rely for export controls”. Name partner Dr. Harald Hohmann was recently in demand for legal disputes, e.g. regarding US sanctions lists as well as voluntary disclosures and representation against rejection by the Federal Office for Economic Affairs and Export Control (BAFA). The main focus is the firm’s work for numerous Mittelstand companies from such different sectors as IT, engineering, electronics and medical technology. In some cases

he also advises Chinese or US companies. Thanks to its long-standing experience the firm boasts a network of international contacts to law firms and authorities. (1 partner, 2 associates, 2 of counsel)

Clients:

- **Fresenius Medical Care** on deliveries to Cuba and Iran (US and EU);
- **Huawei** on a high-tech technology transfer to China;
- a European-Iranian commercial bank in ECJ suit over delisting of Iran embargo lists (with Stephenson Harwood);
- a Polish plant construction company on defense against antidumping duties.
